**TOWN WARRANT
THE TOWN OF HUDSON
THE STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of Hudson in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Hudson Memorial School Auditorium, in said Hudson, on Tuesday, March 11, 1969 next, to elect Town Officers for the ensuing year by ballot and vote, by ballot, on the following referendum questions:

- (a) To vote on the question of adopting a Representative Town Meeting form of Government consisting of not more than 10 districts and 60 representatives, pursuant to New Hampshire Revised Statutes Annotated, Chapter 40-A, as amended.
- (b) To vote on the following questions, relative to changes in the

Town Zoning Law:

- 1. To repeal a portion of Article III, section 1, Table of Use Regulations, so that no Multi-Family dwelling units, of more than two units, shall be permitted in Zones A-1; A-2; C; and D. Also, that no Multi-Family dwellings shall be permitted in any zone which is not served by Town sewer and Town water.
- 2. Prohibiting the painting of signs on any building, either on the side or the roof, whether such a sign is a business sign or informative sign, and clarifying the definition of a business sign by adding the word "business" before the word "sign" wherever the word "sign" appears in Article III, sections 2, 3, 4, 5, and 6, of the Zoning Law, as amended.

- (c) To vote on the following questions, relative to changes in the

Town Building Code

- 1. To vote on the question of the adoption of the 1967 National Building Code, and any additions and supplements thereto, in addition to the present building code, as it pertains to the construction of all buildings in the Town of Hudson.
- 2. To vote on the adoption of a new schedule of fees for building permits for all buildings in the Town of Hudson, pursuant to a schedule posted and filed in the Town Clerk's Office.

For this purpose, the polls will be open at 6:00 A.M. and close at 6:00 P.M. with the following articles to be acted upon at 7:00 P.M. on Friday, March 14, 1969, at the Memorial School Auditorium.

1. To see if the Town will vote to appropriate and raise such sums of money as may be necessary to defray Town charges for the ensuing year. (By Selectmen)

2. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various cemetery lots. (By Selectmen)

3. To see if the Town will authorize the Selectmen to pledge the credit of the Town in anticipation of taxes, not to exceed the amount of the previous year's taxes, committed to the tax collector for collection. (By Selectmen)

4. To see if the Town will vote to authorize and empower the Selectmen to sell and convey any or all real estate acquired by the Town of Hudson for unpaid taxes. (By Selectmen)

5. To see if the Town will vote to abandon that portion of a street, known as Essex Street, from the northerly side of Hill Street to a dead end at the site of the McCallum property. (By Selectmen at the request of Leonard McCallum and Arthur Shepherd, Jr.)

6. To see if the Town will vote to abandon that portion of a street known as Rosemary Avenue, from Ru kin Street to State Street, and from State Street to Ferry Avenue. (By Petition)

7. To see if the Town will vote to change the name of Newhall Avenue to Noel Street. (By Selectmen at the request of John Plante)

8. To see if the Town will vote to abandon that portion of a street, known as County Road, from the northerly side of the intersection of "A" Street and County Road to the intersection of Lowell Road and County Road, subject to the approval of the abutters, the Planning Board, and the Board of Selectmen. (By Selectmen, at the request of Robert Provencal)

9. To see if the Town will vote to increase the salary of the Building Inspector from \$700.00 per year to \$1,000.00 per year, and appropriate monies for same. (By Selectmen. Sum of \$300.00 approved by Budget Committee and included in the Budget.)

10. To see if the Town will vote to increase the salary of the Town Moderator from \$30.00 per meeting to \$35.00 per meeting day plus \$35.00 per meeting day for any subsequent adjourned meeting to a specified date, and appropriate monies for same. This action rescinds all other action taken at any previous Town meetings. (By Selectmen. Budget Committee approved rate of \$40.00 per meeting day and included \$10.00 per day in the Budget for 1969, a total of \$20.00.)

11. To see if the Town will vote to increase the salary of the Police Chief from \$164.00 per week to \$182.00 per week, effective March 30, 1969, and appropriate monies for same. (By Budget Committee. Sum of \$1,000.00 approved by the Budget Committee for 1969 and included in the Budget.)

12. To see if the Town will vote to create the office of Police Lieutenant in the Police Department so that the complement of the Police Department will be one (1) Police Chief; one (1) Lieutenant; two (2) Sergeants; and the balance Patrolmen, with the Lieutenant and Sergeants having a wage scale from \$125.00 per week to \$140.00 per week, and the Patrolmen having a wage scale from \$110.00 per week to \$125.00 per week, effective March 30, 1969, and appropriate monies for same, the amount for 1969 being \$4,000.00. (By Selectmen. Sum of \$4,000.00 approved by the Budget Committee for 1969 and included in the Budget.)

13. To see if the Town will vote to hire a traffic guard for duty at the Alvirne High School, at a cost not to exceed \$15.00 per week, during the School Year, or \$3.00 per day, and appropriate monies for same. (By Selectmen. Sum of \$400.00 approved by the Budget Committee for 1969, and included in the Budget.)

14. To see if the Town will vote to pay the School Crossing Guards \$40.00 per week, and appropriate monies for same. (By Petition. Sum of \$600.00 approved by the Budget Committee at the rate of \$5.00 per working day, effective March 30, 1969, and included in the Budget.)

15. To see if the Town will vote to authorize the Selectmen to hire an additional Patrolman for the Police Department and to appropriate the sum of \$5,000.00 for the year 1969. (By Budget Committee. Sum of \$5,000.00 approved by the Budget Committee for the year 1969 and included in the Budget.)

16. To see if the Town will vote to increase the amount paid for Police Department telephone answering service from \$700.00 per year to \$1,000.00 per year, effective April 1, 1969, and appropriate monies for same. (By Budget Committee. Sum of \$300.00 approved by the Budget Committee and included in the Budget.)

17. To see if the Town will vote to increase the salary of the Recreation Director from \$1,000.00 per year to \$2,000.00 per year, effective April 1, 1969, and appropriate monies for same. (By Budget Committee. Sum of \$1,000.00 approved by the Budget Committee and included in the Budget.)

18. To see if the Town will vote to authorize the Recreation Commission to hire an assistant Recreation Director at a cost not to exceed \$600.00 per year, and appropriate monies for same. (By Budget Committee. Sum of \$600.00 approved by the Budget Committee and included in the Budget.)

19. To see if the Town will vote to increase the salary of the experienced Playground Instructors from \$350.00 per season to \$400.00 per season, and appropriate monies for same. Inexperienced playground instructors to receive \$300.00 per season. (By Budget Committee. Sum of \$200.00 approved by the Budget Committee and included in the Budget.)

20. To see if the Town will vote to authorize the Recreation Commission to purchase supplies and equipment for the Babe Ruth Baseball Team and appropriate the sum of \$750.00 for same. (By Budget Committee. Sum of \$750.00 approved by the Budget Committee and included in the Budget.)

21. To see if the Town will vote to increase the salary of the Road Agent from \$175.00 per week to \$182.00 per week, effective March 30, 1969 and appropriate monies for same, in the amount of \$500.00 for 1969. (By Budget Committee. Sum of \$500.00 approved by Budget Committee for 1969 and included in the Budget.)

22. To see if the Town will vote to appropriate the sum of \$2,000.00 for a reinforced concrete floor for the new Highway Department steel building. (By Selectmen. Sum of \$2,000.00 approved by the Budget Committee and included in the Highway Department Budget under Maintenance.)

23. To see if the Town will vote to change the Merit Maximum Rate schedule for the Highway Department employees by 25 cents per hour and the Grader Operator Merit Maximum Pay from the previously adopted schedule of \$2.80 per hour to \$3.25 per hour, effective March 30, 1969, and appropriate monies for same in the amount of \$4,000.00 for 1969, based on the following Merit Maximum Schedule: (By Selectmen. Sum of \$4,000.00 approved by the Budget Committee for 1969 and included in the Budget.)

WAGES PER HOUR	MERIT MAXIMUM
Laborer (Unskilled)	\$2.45
Laborer (Skilled)	2.55
Truck Driver (Light Equipment)	2.55
Truck Driver (Heavy Equipment)	2.65
Grader Operator	3.25
Loader Operator	3.05
Maintenance Mechanic	2.90
Master Mechanic	3.25
Foreman (Working)	3.10

24. To see if the Town will vote to authorize the Selectmen to purchase a Diesel Truck Chassis, similar to a Mack Diesel Truck Chassis, for the use of the Highway Department at a cost not to exceed \$12,000.00, and appropriate monies for same. (By Selectmen. Sum of \$12,000.00 approved by the Budget Committee and included in the Budget under New Equipment.)

25. To see if the Town will vote to authorize the Selectmen to purchase a pickup truck for the use of the Highway Department, at a cost not to exceed \$2,300.00, and appropriate monies for same. (By Selectmen. Sum of \$2,300.00 approved by the Budget Committee and included in the Budget under New Equipment.)

26. To see if the Town will vote to authorize the Selectmen to purchase a Truck Chassis for the Fire Department to replace the existing 1951 surplus Federal Ladder Truck, at a cost not to exceed \$6,200.00, and appropriate monies for same. (By Selectmen. Sum of \$6,200.00 approved by the Budget Committee and included in the Budget under New Equipment.)

27. To see if the Town will vote to appropriate the sum of \$2,000.00 for a Chain-Link type fence at the Hudson Center Park and Recreation Baseball Field. (By Petition. Sum of \$2,000.00 approved by the Budget Committee and included in the Budget.)

28. To see if the Town will vote to appropriate the sum of \$3,500.00 for the building of a Little League Park and Ball Field, on the site of the Memorial School Property, owned by the School District of Hudson, and appropriate monies for same. (By Petition. Sum of \$3,500.00 approved by the Budget Committee and included in the Budget.)

29. To see if the Town will vote to appropriate the sum of \$1,000.00 for the purpose of obtaining design plans for the building of a new swimming pool. (By Selectmen. Sum of \$1,000.00 submitted without recommendation by the Budget Committee and not included in the Budget.)

30. To see if the Town will vote to authorize the Selectmen to enter into a 10 year lease agreement with the Hudson Lions Club for the purpose of operating what is known as the Lions Club Swimming Pool at a sum not to exceed \$1.00 per year and to appropriate the sum of \$3,000.00 for the operation of the Lions Club Swimming Pool after the lease is consummated. (By Selectmen. Sum of \$3,000.00 submitted without recommendation by the Budget Committee and not included in the Budget.)

31. To see if the Town will vote to authorize the Selectmen to license and regulate all businesses in the Town and to establish suitable license fees therefore, pursuant to applicable New Hampshire Revised Statutes Annotated, including, but not limited to, Sunday sales. (By Selectmen)

32. To see if the Town will vote to authorize the Selectmen to license auctioneers, pursuant to Chapter 312, New Hampshire Revised Statutes Annotated. (By Selectmen)

33. To see if the Town will vote to authorize the Selectmen to license Hawkers and Peddlers, pursuant to Chapter 320, New Hampshire Revised Statutes Annotated. (By Selectmen)

34. To see if the Town will authorize the Selectmen to license Itinerant Peddlers, pursuant to Chapter 321, New Hampshire Revised Statutes Annotated. (By Selectmen)

35. To see if the Town will vote to require the Board of Selectmen to have printed, in booklet form, all town ordinances and amendments thereto currently in force in Hudson, allowing at least 50 blank pages for insertion of ordinances passed in succeeding years so residents may insert newspaper or annual report clippings to maintain current records, ordering a first printing of no fewer than 300 copies, by bid from at least five printing firms, making booklets available to residents by no later than June 1, 1969; and to appropriate the sum of \$250.00 for this purpose. (By Petition. Sum of \$250.00 submitted without recommendation by the Budget Committee and not included in the Budget.)

36. To see if the Town will vote to use the sum of \$18,118.70, in the surplus account to pay in full, or partially, for the cost of the 1968 appraisal, and the 1969 appraisal of all 1968 unfinished properties and 1969 additions, by the State Tax Commission, as previously approved by the voters of the Town, at the March 14, 1967 Town Meeting. (By Selectmen. Sum of \$18,118.70 approved by Budget Committee and included in Budget.)

37. To see if the Town will vote to use the sum of \$50,000.00, in the surplus account, to pay a portion of the costs of the new Taylor Falls Bridge as previously voted by the Town at the March 14, 1967 Town Meeting, by referendum. (By Selectmen)

38. To see if the Town will vote to appropriate the sum of \$1,500.00 for the purpose of defraying expenses in the preparation of maps, setting up voting districts, and preparing new checklists, if the Town Meeting Representative Form of Government is adopted by the voters of the Town at the March 11, 1969 Town Meeting, in accordance with Chapter 40-A of the New Hampshire Revised Statutes Annotated. (By Selectmen. Sum of \$1,500.00 submitted without recommendation by the Budget Committee and not included in the Budget, pending outcome of the referendum vote.)

39. To see if the Town will vote to organize and equip a Pop Warner Football Team in Hudson, New Hampshire and appropriate the sum of \$1,200.00 for same. (By Petition. Sum of \$1,200.00 disapproved by the Budget Committee.)

Given unto our hands and seal this 24th day of February in the year of our Lord nineteen hundred and sixty-nine.

JOHN M. BEDNAR
ROBERT P. LEVESQUE, SR.

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

March 8, 1968

Board of Selectmen

Hudson, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Hudson for the fiscal year ended December 31, 1967, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Hills Memorial Library and Sewer Fund Accounts.

FINANCIAL STATEMENTS

Comparative Balance Sheets — December 31, 1966 — December 31, 1967:
(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1966 and December 31, 1967, are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by \$23,003.07 in 1967.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenue: (Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1967 are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net unexpended balance of appropriations of \$10,674.11, plus a revenue surplus of \$25,685.95, resulted in a net budget surplus of \$36,360.06.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1967, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1967, is indicated in Exhibit B-2.

Statements of Sewer Fund Account: (Exhibits B-3, B-4 & B-5)

Statements of the activity in the Sewer Fund accounts during the fiscal year are presented in Exhibits B-3, B-4 and B-5.

State of Long Term Indebtedness: (Exhibit G)

A statement of outstanding long term indebtedness as of December 31, 1967, showing annual debt service requirements, is contained in Exhibit G.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements submitted by depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$32,178.07, from \$30,153.71 to \$62,331.78 in 1967, as shown herewith:

	December 31, 1966 (Revised)	December 31, 1967
Total Assets	\$411,469.96	\$580,956.81
Current Liabilities	381,316.25	518,625.03
Current Surplus	\$ 30,153.71	\$ 62,331.78

Short Term Loans — R. S. A. Chapter 33:

It was noted during the audit that in 1967 a short term note was issued for the purpose of funding the cost of a new Loader and the construction of the "Melendy Road" sewer projects as voted at the Town Meeting of March 14, 1967.

Temporary Loans in anticipation of a note or bond issue is permitted under the provisions of R. S. A. 33:7-A.

In accordance with statute R. S. A. 33 as noted above, long term notes should be issued as required.

Cash Deposits Should Be Required From Developers a/c Road Construction:

Inasmuch as there were a substantial number of unpaid invoices due the Town at December 31, 1967 for road construction work performed by the highway department for private developers engaged in building activities in the Town, it is recommended that an adequate deposit be made before such construction is started to eliminate possible losses.

Note, Bond & Coupon Register:

It is recommended that the note, bond and coupon register required to be kept by the Treasurer, according to R. S. A. 33:12, be maintained currently.

Expansion of Present System of Accounts:

Inasmuch as the Town is expanding and the number of transactions are increasing yearly, it is recommended that consideration be given to the adoption of a double entry system of bookkeeping to include General Ledger control accounts. In addition to providing more effective control it would also facilitate the reporting of financial data.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Hudson for their assistance during the course of the audit.

Yours very truly,

O. MAURICE OLESON, Director
Division of Municipal Accounting
State Tax Commission

Frederick E. Laplante, Auditor
John J. Durr, Jr., Accountant

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire**

March 8, 1968

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Hudson for the fiscal year ended December 31, 1967. In our opinion, the Exhibits included herewith present fairly the financial condition of the Town on December 31, 1967, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

O. MAURICE OLESON, Director
Division of Municipal Accounting
State Tax Commission

Frederick E. Laplante, Auditor
John J. Durr, Jr., Accountant

SELECTMEN'S REPORT

YEAR 1968

The year 1968 showed further improvements in Town operations with satisfactory results, despite rumblings from outside sources and news media.

The financial condition of the Town, as of December 31, 1968, is a healthy one with an estimated surplus, prior to State audit, of approximately \$102,000.00, after \$18,000.00 had been taken out of surplus, in 1968, for payment of a portion of the property revaluation costs.

The preparation of poll tax, head tax, and property tax bills is fully mechanized, with resultant savings in time and money, apart from rendering better service to the taxpayers of the Town.

Job time cards have been utilized in the Highway Department operations thus affording a better breakdown of charges as they affect employees' time in the Highway Department, and better reporting to the townspeople in the budget.

Reinvestment of tax anticipation borrowings was again highly successful with the Town realizing about \$7,000.00 savings in interest charges, especially where the tax bills could not be sent out earlier than November 12, 1968, due to the revaluation problems encountered by the Tax Commission appraisers.

As a result of the vote of the March, 1967 Town Meeting, the State Tax Commission Appraisers revalued all the properties in the Town. Property valuations jumped from approximately \$40,000,000.00 to \$50,000,000.00 on a 100% valuation basis.

The 1967 tax rate on a 50% valuation basis was \$61.00 (\$30.50 at 100%) while, in 1968, the tax rate was set at \$31.00 on a 100% valuation.

HAD NO REVALUATION TAKEN PLACE IN 1968, THE TAX RATE ON THE OLD BASIS (50%) WOULD HAVE BEEN APPROXIMATELY \$69.00 PER THOUSAND DOLLARS OF VALUATION, OR \$34.50, at 100%.

The Selectmen note with interest that, out of the approximately 4,000 parcels of property which were reappraised by the Tax Commission, less than 125 legitimate complaints were filed asking for a review of the assessment.

The Selectmen wish to caution all the property owners in the Town that a sharp look should be taken at all expenditures, especially at the School District level, for it is estimated, at the present time, that your tax rate will jump \$1.00 per thousand dollars of valuation for each \$55,000.00 spent by the Town and School District.

For example, if you own a modest \$20,000.00 home, your taxes will increase \$20.00 for each \$55,000.00 spent by the Town and School District.

THE SELECTMEN URGE ALL TAXPAYERS TO SHOW AN INTEREST IN THEIR SCHOOL EXPENDITURES, AS WELL AS TOWN EXPENDITURES, AND ATTEND THE SCHOOL DISTRICT MEETING ON WEDNESDAY, MARCH 5, 1969, AND THE TOWN MEETING ON FRIDAY, MARCH 14, 1969.

The Selectmen have also decided to try out new voting hours for the Tuesday, March 11, 1969 election of Town officers by opening the polls at 6:00 A.M. and closing the polls at 6:00 P.M. If the response is good, the practice will be continued; if not, we shall revert to the old voting hours.

The Selectmen also wish to point out that the Highway Department Equipment is showing signs of old age. A diesel truck is necessary at an estimated cost of \$12,000.00; another pickup truck for the highway department would be most welcome so that the sewer crew can use the present pickup truck for its operations; and a chassis is needed for the 1951 Federal Fire Truck to update our present ladder truck.

There has been some talk about the permanent operation of the Lions Club Swimming Pool. If we are to continue its operation, we suggest that this be done on a 10 year lease basis or, as another alternative, the Town consider the possibility of building a new swimming pool.

Veterans' Exemptions were set by State Law at \$50.00 per Veteran. If there are any new property owners who are eligible for this Veterans' Exemption, who purchased their property after April 1, 1968, they should contact the Selectmen's Office for the necessary application form, after April 1st, of each year.

APPLICATIONS FOR VETERANS' EXEMPTIONS MUST BE FILLED OUT EVERY YEAR BETWEEN APRIL 1st AND 15th, WITHOUT EXCEPTION BEFORE A VETERAN CAN BE ELIGIBLE FOR THE \$50.00 PROPERTY EXEMPTION.

The Selectmen also wish to take this opportunity to welcome all the new businesses and industry which settled in Hudson during the year 1968.

On the subject of the new Taylor Falls Bridge and its approaches, the New Hampshire State Highway Department expects to start work on the new bridge this summer (1969) with final completion of the new bridge and accesses scheduled for the Fall of 1970.

Following this project, it is anticipated that some consideration will have to be given to replacement of the tottering Taylor Falls Bridge, after the new bridge is completed and in operation. The State has estimated the cost of this new bridge at \$1,000,000.00.

THE SELECTMEN WISH TO THANK ALL THE PEOPLE OF HUDSON FOR THEIR PATIENCE DURING THE TIME THE TAYLOR FALLS BRIDGE WAS CLOSED AND UNDER REPAIR.

The Selectmen also wish to advise the voters of the Town that they have included several policy articles as they pertain to licensing business in the Town, and the operations of the Town, and would appreciate all possible support on these articles.

Finally, the Selectmen are very much concerned about the lack of attendance at public hearings, be they on planning, zoning, or other important issues in the Town. We urge all Townspeople to attend these important hearings so that they can be fully informed on the questions involved.

THE BOARD OF SELECTMEN

John M. Bednar, Chairman
Robert P. Levesque, Sr.
Frank A. Nutting, Jr.

HUDSON POLICE DEPARTMENT REPORT 1968

The year 1968 is now History. Men have circled the moon which is unbelievable but true. Supreme Court decisions that have been handed down give the criminals much more protection. This is also unbelievable but true. Law enforcement, it seems is on trial and not the person who commits a crime.

The police have to proceed with caution in making an arrest. There are so many different points of law that are to be remembered by the officer. If he neglects to advise the subject who is being arrested, of his rights, regardless of the type of crime that is committed, the subject is released by the Judge who is presiding in the case.

I believe in giving every bit of education that is available to the officers of our Police Department.

A number of our police officers have attended courses at St. Anslems in Manchester. The courses consisted of different phases of the law, how to prepare cases for court, evidence, crime instruction and accident investigation.

We are holding our usual meetings, twice monthly and instructions are given in all kinds of police work. Criminal investigations, accident investigations, camera work, how to administer oxygen in emergencies, the use of side arms at our Range, which the officers built themselves with no cost to the Town.

We believe in prevention and enforcement. Education can prevent crime, and to enforce the law more readily we need, as I have stated on numerous occasions, another cruiser on duty. We have one cruiser full time, that is 24 hours, the other cruiser is on part time. Another full time officer is needed very badly. One officer resigned due to personal reasons and a replacement was appointed. We are still short two men. The special officers are doing a very commendable job. They fill in on different occasions when they are needed.

The crime statistics that we get from the Federal Bureau of Investigation are unbelievable, crime is increasing two fold and no sign of diminishing.

Our work load is on the increase. More building of homes, factories and other business establishments give the officers much more to do.

Just another reason why we should have the two cruisers on a twenty four hour schedule. Checking homes is becoming a time consuming operation. To try and prevent the house breaks that have been occurring all around us we have initiated a program of regular checking. This precaution will help avoid these burglaries and breaks.

You have probably read in the papers and heard on the radio this past year four subjects were apprehended in two different business establishments at gunpoint by our officers. They have been arraigned in our courts and are now awaiting trial for breaking, entering and larceny.

We have passed out pamphlets to the different schools in regards to protecting our school children and to warn them about strangers trying to entice them into their cars. We have had a few calls where strangers tried to get the child into their car but due to the instructions we had given them they refused and in turn had given us clues to work on and the strangers have been apprehended by your police department.

While we are on the subject of prevention, if at any time day or night car, truck or any vehicle is seen around any vacant home we would appreciate that you would call us at once. If at all possible get us the registration number, make and color of the vehicle. This will greatly assist us in our investigation of any house break or larceny. Any and all information will be kept in the strictest of confidence.

We need all the information we can get, regardless of how invaluable it may seem to the public but to us it may be just what is needed to clean up some crime that we have had and that is still unsolved.

So, please, for your sake and ours, give us a chance to better serve you. **COOPERATE AND BACK YOUR POLICE DEPARTMENT** at all times.

Respectfully submitted,

ANDREW J. POLAK
Chief of Police

ACCIDENTS INVESTIGATED:

FIRE DEPARTMENT REPORT

1968

1968 has gone down in record as a bad year for fires throughout the United States. The loss of lives was 12,100. The loss of lives in dwelling fires increased by 100 for a total loss in dwelling fires of 6,600. This is a horrifying figure. There were many lives lost in our state — yes — too many.

Again our fire record shows 48 calls were brush, grass backyard, and incinerator. These are all careless fires. One thing to give much thought to is: When you light that match; What might happen? Whenever you light a match you are then responsible for all damage it might cause.

The next highest number is building fires; these were caused mostly by pure carelessness, such as poor wiring or neglect to care for heating systems and chimneys.

Your children should be taught the dangers of matches and cigarette lighters. The best method is to keep these items away from your youngsters altogether. It could save a life and that life may be that of your child.

I would like to give credit to your fire department for the small loss of damage due to fire and water. This proves that the skills, learned from fire fighting drills, pay off.

I have received several letters of appreciation from residents who have had fires. When a Chief receives this type of letter he naturally reads them to his firefighters. These are well appreciated and show that some of the hard work, performed by these men, is noticed by someone other than the Officers of the Fire Department.

We have ended another year with a very good record. At this time I would like to thank the public for all their cooperation and urge their continued support and cooperation for a better and safer 1969.

REPORT OF FOREST FIRE WARDEN & DISTRICT CHIEF

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young, the lighted match is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring burn the old debris and the dead grass, result — escaped fires and much personal expense.

With new homes and summer cottages, located in woodlands, and with abandoned fields and forests crowding the back yard of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To **never** discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn —
 - (a) You need a written permit from the town fire warden for **all** debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted, on notification of the warden.
 - (b) The warden is forbidden by regulation to allow burning of household rubbish on **grass** by householders between 9:00 A.M. and 5:00 P.M.
 - (c) Have equipment on hand to control the fire **before** you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

BUILDING INSPECTOR'S REPORT FOR 1968

The year 1968 shows an increase in the number of permits issued for the year. This is the first time in 3 years that building has increased. There was a small increase in the number of single family dwellings, but duplex and multi-apt. dwelling showed a decline. The most noticeable increase was in accessory buildings and in alterations and additions to buildings.

The Commercial and Industrial Buildings, built during the year, should benefit the town in the future, especially the industrial buildings in our new Industrial Park, on Route 111.

Total estimated cost of new construction, Residential, Commercial, and Industrial was \$2,201,700.00, while the total estimated cost of Additions and Alterations to Residential and Commercial Buildings was \$207,793.00, making a grand total estimated cost of \$2,409,493.00.

The fees collected for Building Permits, issued in 1968, totaled \$1,041.00.

Respectfully submitted,

RICHARD E. MILLARD
Building Inspector

RECREATION COMMISSION REPORT

1968

Playground activities were carried out from June 24 to August 24 at the Dr. H. O. Smith and Hudson Center Playgrounds, under the direction of Recreation Director Dalton Blodgett and his Playground Supervisors.

The playgrounds were well supplied with various types of swings, slides and game equipment.

A Summer session of Arts and Crafts was offered to approximately 300 children at the Youth Center and Hudson Center playgrounds, directed by Sandra Nadeau.

This year saw the Hudson Lions Club swimming pool come under the auspices of the Recreation Commission. The pool also came under the general supervision of Dalton Blodgett and Head Lifeguard Robert Francouer. The regular lifeguards were Jeff Howe and Phyllis Brown.

Another addition to the recreational facilities of Hudson was the building of two tennis courts on School Street which will be available for use in the Spring of 1969.

Winter activities have consisted mostly of two skating rinks, one near the Town Hall, and one in Hudson Center.

The Recreation Commission feels that it is making progress towards an ever expanding program to furnish more activities throughout the entire year. Dalton Blodgett operates his basketball league during the fall and winter months and we now have the Babe Ruth Baseball Program under way.

We would like to extend our thanks to all individuals and organizations that have aided our recreation program and we look forward to further service in the coming year.

JAMES D. HAMILTON,
Chairman

HEALTH OFFICER'S REPORT

1968

Your Health Officer has had a fairly busy year, as there were a number of new boarding houses that had to be inspected.

I made several inspections of stores, trailer parks, and restaurants with the State Health Department Inspector and had very little trouble from those establishments.

We did have some trouble with the public swimming pool at first but, with the cooperation of the Selectmen's Office, the pool was chlorinated and the trouble corrected. I recommend that an automatic chlorinator be installed at the pool.

There was some trouble from septic tanks but, due to the cooperation of the persons involved, the problems were overcome.

I want to thank the people of Hudson for their cooperation during the past year.

LESTER E. GOVE
Health Officer

REPORT OF HILLS MEMORIAL LIBRARY TRUSTEES

The citizens of Hudson continue to make greater use of the Hills Memorial Library. This is especially true in the Children's Division, which was first opened January 17, 1966, just three years ago. The Children's Library now contains over 3400 volumes and 13,889 books were loaned during 1968. Careful thought is given to the selection of books purchased and twelve new bookcases have been purchased for this room. Use of the Adult room continues to show growth, many new books have been purchased and six new bookcases installed.

Memorial books and gifts have been received from Mr. and Mrs. Leonard Smith, Hudson Fortnightly Club and the Junior Women's Club of Hudson.

No major changes have been made in the physical plant this year. A small office for the head librarian was planned and constructed, just off the main room.

The resignation of Mrs. Margaret Aldrich, effective November 1, 1968, was accepted with regrets by the Trustees. We were fortunate to secure an experienced librarian, Mrs. Jane A. Curtin, to become our head librarian. The Trustees, on behalf of the townspeople, would like to thank Mrs. Aldrich for her three years of faithful service and conscientious performance of her duties as librarian.

We also wish to extend our thanks to our assistant librarian, Mrs. Elisabeth Collishaw, our pages, Karen Osmer, Susan French, Ruth Shunaman and Gayle LeBlanc and our janitor, Lewis R. Marshall. We appreciate all gifts of time and assistance donated by the many "friends of the Library."

We would also like to extend our best wishes to Mrs. Curtin, our new librarian. With the help of all, we are looking forward to another year of growth and progress.

J. A. QUIGLEY, M.D.,
Chairman

**REPORT OF HILLS FARMS CEMETERY ASSOCIATION
AS OF DECEMBER 31, 1968**

The Hills Farms Cemetery Association, has experienced a fruitful and eventful year.

A new North Gate and Entrance on the Derry Lane Road, has been established, to be known, henceforth, as the "Fuller Gate". The granite for the gate supports was quarried in nearby Milford, and the iron and metal work was engineered and processed by our area artisans, the E. E. Nadeau & Sons Inc., and overseered by our Cemetery Superintendent and Engineer, Mr. Paul W. Buxton. The new gate, — material, and labor — was the gift of Mrs. Blanche C. Fuller, Association Treasurer.

During the last report period, eight monuments, and/or grave stones, have been repaired and reset by The Gate City Monument Co., Inc. The cost of this operation was a gift from Mr. Allan W. Barker, and too, a general beautification project, was also a gift from Mr. Allan W. Barker.

In recent months, a supply of extra loam was given by Mrs. Paul W. (Hazel) Buxton.

Our present Association Officers are —

Maurice R. French, Sec.
Blanche C. Fuller, Treas.
Allan W. Barker, Finance
Robert C. Smith, Finance
Paul W. Buxton, Supt. and Eng.
Harrison E. Smith, Judge Adv.
George Christopher, Grounds
Robert E. Hardy, Grounds
Harry J. Crompton, President

Also the buying and planting of twenty-five Yew trees, to enhance the Fuller Gate, was processed by a local firm, Hogan's Landscape and Garden Center.

HARRY J. CROMPTON,
President

AN ORDINANCE

No. 42-A

1968

An Ordinance to Amend Ordinance No. 42 By Substituting A New Ordinance Regulating The Weight Limit Of All Vehicles On The Taylor Falls Bridge From The Intersection Of Ferry Street And Central Street to the Nashua-Hudson Town Line On Said Taylor Falls Bridge.

BE IT ORDAINED by the Board of Selectmen for the Town of Hudson, County of Hillsborough and State of New Hampshire:

Section 1. No vehicle, or vehicles, with a gross weight of over 30,000 pounds shall be permitted to travel over said portion of the Taylor Falls Bridge at any time, while this ordinance is in effect.

Section 2. Fire Apparatus, or other vehicles, where special permits are granted by the City of Nashua and Town of Hudson, shall be permitted to cross said Taylor Falls Bridge in excess of the gross weight of 30,000 pounds, at a speed not to exceed 25 miles per hour.

Section 3. Any person, firm, or Corporation, violating any part of this Ordinance shall be subject to a fine pursuant to RSA 263:61 and RSA 263:69 of the Revised Statutes of New Hampshire, at the discretion of the District Court.

This ordinance shall take effect upon its passage.

Given unto our hands this 25th day of November in the year One Thousand Nine Hundred Sixty-Eight.

No. 43

1969

**An Ordinance Regulating Parking on Streets
Roadways, in the Town of Hudson**

BE IT ORDAINED BY THE SELECTMEN OF THE TOWN OF HUDSON
THAT:

1. No vehicle shall park on the streets of Hudson from 11:00 p.m. to 7:00 a.m. from the first day of December through the thirtieth day of March in any year.

2. No vehicle shall park on the streets of Hudson during a snow storm so as to impede the snow plowing and snow removal operations.

3. Vehicles parked, in violations of sections one (1) and two (2) of this ordinance shall be removed or towed away at the owner's expense.

4. Any person, firm, or corporation violating this ordinance shall be subject to a maximum fine of twenty-five dollars (\$25.00) at the discretion of the District Court.

This ordinance shall take effect upon its passage.

Given under our hands this 6th day of January in the year One Thousand Nine Hundred Sixty-nine.

No. 44

1969

An Ordinance Regulating Traffic Flow and Parking Regulations

BE IT ORDAINED BY THE BOARD OF SELECTMEN FOR THE HUDSON
THAT:

1. No vehicle shall make a left-hand turn travelling easterly on Ferry Street into Webster Street.

2. No through traffic shall enter Baker Street from Ferry Street or Derry Street travelling northerly on Baker Street.

3. It shall be illegal to park at any time on the northerly side of Ferry Street from the Taylor Falls Bridge to a point five (5) feet easterly of the fire hydrant at the northeasterly corner of Ferry Street and Webster Street.

4. Traffic travelling from the Taylor Falls Bridge, shall, during the hours that Central Street is one-way from the Taylor Falls Bridge to Library Street, use only the right-hand lane and obey the yellow line regulations.

5. It shall be illegal to park on the southerly side of Ferry Street within twenty-five (25) feet of the westerly side of Campbell Avenue.

6. Any person, firm or corporation violating this ordinance shall be subject to a maximum fine of \$25.00 at the discretion of the District Court.

This ordinance shall take effect upon its passage.

SCHOOL WARRANT

HUDSON

March 5, 1969

STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Hudson, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Memorial School in said District on the 5th day of March, 1969, at one o'clock in the afternoon to vote for officers and Articles 1, 2, 3, and 4. Polls will be open from 1 P.M. to 9 P.M. Action on remaining Articles will begin at 7:30 P.M.

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To see if the District will vote to accept and implement the Teachers Salary Schedule as recommended by the School Board, with a starting salary of \$6,200.00 for a baccalaureate degree.

6. By Petition of — Mrs. Lucille Muller, Mrs. Joseph Gagnon, Mrs. Mark Brook, and others; To see if the district will vote to authorize the Hudson School Board to employ one teacher aide for each of the Special Education Classes and to appropriate a sum, not to exceed \$6,000.00 therefore.

7. To see if the District will vote to raise and appropriate the sum of \$5,700.00 to support the cost of a Health and Accident Insurance Program to the limit of individual coverage for each full-time instructional staff employee.

8. To see if the District will vote to raise and appropriate the sum of \$5,000.00 for the purpose of employing an additional school nurse.

9. To see if the District will vote to establish the salaries of School District Officers in the following manner:

School Board	\$800.00 each
Moderator	40.00 each
Clerk	50.00 each
Treasurer	600.00 each

10. By Petition of — Mr. Raymond J. Barriault, Mr. Richard H. Peterson, Mr. William G. Guerrette, and others; To see if the Town of Hudson will vote to appropriate a sum of money \$500.00 for the purpose of purchasing a Basketball Score Clock and the installation there of for the Hudson Memorial School Gym.

11. By Petition of — Mr. Donald Latour, Mr. Ronald Purington, Mr. Maurice Gelinas, and others; To see if the School District will vote to hold its annual School District election of School District Officers on the same day as the annual election of Town Officers, in accordance with Chapter 197, of the Revised Statutes Annotated, governing the conduct of School District elections.

12. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.

13. To see if the District will vote to authorize the School Board to re-negotiate the Pelham High School Tuition Contract for an additional five years beginning September, 1969. Pelham to pay, as tuition, the State average cost per pupil or Hudson average cost per pupil, whichever is the greater; plus \$75.00 per pupil; plus 2% of the State average per pupil cost per pupil; plus a rental per pupil determined by 2% of the value of property used.

14. To see if the district will vote to authorize the design, construction, and equipping of an addition to the Memorial School and to appropriate a sum not to exceed \$850,000.00 for the aforesaid purposes. Said sum to be in addition to any interest and other local, State or Federal funds made available therefor, and to raise the same by the issuance of bonds or serial notes in accordance with the provisions of the Municipal Finance Act; Chapter 33, of the Revised Statutes Annotated of New Hampshire, as amended, and to authorize the Hudson School Board to so issue and negotiate said bonds or notes in the name of or on the credit of the District, said board to have discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds.

15. To see if the district will vote to authorize and appropriate the sum of \$40,000.00 for the purpose of employing an architect to draw plans and secure bids for an elementary school to be located on the Jacques Site; and to raise the same by the issuance of bonds or serial notes in accordance with the provisions of the Municipal Finance Act, Chapter 33, of the Revised Statutes Annotated of New Hampshire, as amended, and to authorize the Hudson School Board to so issue and negotiate said bonds or notes in the name of or on the credit of the District, said board to have discretionary powers described in Section 8 of said Chapter 33 in respect to said notes or bonds.

16. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for the school district and agents and for the payment of the statutory obligations of the district.

17. To see if the District will vote to authorize the School Board to acquire the outstanding interests in the Hudson Centre School Lot and thereafter sell and convey the same and apply the net proceeds therefrom to reduce the School Budget; and authorize the School Board in their discretion to abandon the Hudson Centre School Lot by vote of the School Board if they find it impractical to dispose of the lot in any other manner.

18. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

Given under our hands at said Hudson, New Hampshire, this 15th day of February, 1969.

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire
SUMMARY OF FINDINGS AND RECOMMENDATIONS**

January 10, 1969

The School Board
Hudson School District
Hudson, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Hudson School District for the fiscal year ended June 30, 1968, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: June 30, 1967 - June 30, 1968: (Exhibit A)

Comparative Balance Sheets as of June 30, 1967 and June 30, 1968, are presented in Exhibit A. As indicated therein the Net Debt decreased by \$28,387.02 during the fiscal year ended June 30, 1968.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1968, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a net unexpended balance of appropriations of \$5,767.22, plus a revenue surplus of \$308.71, resulted in a net budget surplus of \$5,458.51.

Summary Statement of Receipts and Expenditures: (Exhibit E)

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1968, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance (General Fund Account), as of June 30, 1968, is indicated in Exhibit F.

Alvirne Farm Accounts: (Exhibits G & H)

Statements of the Alvirne Farm Accounts for the fiscal year ended June 30, 1968, are presented in Exhibits G and H.

Statements of Building Fund Accounts: (Exhibits I-1 & I-2)

Statements of the Alvirne and Middle School Building Fund Accounts, are included in Exhibits I-1 and I-2.

High School Activities Accounts: (Exhibit J)

The High School Activities accounts were examined and a summarized statement of these accounts is included in Exhibit J.

School Lunch Program Accounts: (Exhibits K-1, K-2 & K-3)

Summary statements of the School Lunch Program accounts are contained in Exhibits K-1, K-2 and K-3.

Statement of School Tax Account: (Exhibit L)

A statement of the School Tax account with the Town of Hudson is included in Exhibit L. As indicated therein, as of June 30, 1968, the School District had received from the Town the total of the 1967-68 School Tax in the amount of \$680,989.79.

Statement of Long Term Indebtedness: (Exhibit M)

A statement of the outstanding long term indebtedness of the District as of June 30, 1968, showing annual debt service requirements, is contained in Exhibit M.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased from \$17,404.49 to \$5,458.51 during the fiscal year ended June 30, 1968, as shown herewith:

	June 30, 1967	June 30, 1968
Total Assets	\$166,457.45	\$ 17,665.79
Current Liabilities	149,052.96	12,207.28
Current Surplus	<u>\$ 17,404.49</u>	<u>\$ 5,458.51</u>

Fiscal Accounting Records Prescribed for E.S.E.A. Title I Funds:

Regulations governing fiscal accounting records for "E.S.E.A. Title I" funds granted the District require separate accounts with accurate line item records of receipts and expenditures to be kept for each approved project. The use of separate purchase orders for the procurement of supplies and services, special vendors invoices, as well as segregated vendor and payroll manifests are likewise required.

Accordingly, appropriate control and detail ledger accounts should be maintained for each individual program. These records should reflect the financial activities for the entire fiscal life of the program and are to be closed at the termination of project activities or after all obligations incurred have been discharged.

Disposition of unencumbered or unexpended funds should be clearly indicated on the records.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that the summary of findings and recommendations (letter of transmittal) of this report shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Hudson School District for their assistance during the course of the audit.

Yours very truly,

O. MAURICE OLESON, Director
Division of Municipal Accounting
State Tax Commission

Frederick E. Laplante,
Auditor

Charles E. Rainville,
Accountant

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire
January 10, 1968**

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Hudson School District for the fiscal year ended June 30, 1968. In our opinion, the Exhibits presented herewith present fairly the financial condition of the School District on June 30, 1968, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

O. MAURICE OLESON, Director
Division of Municipal Accounting
State Tax Commission

Frederick E. Laplante,
Auditor
C. Edward Rainville,
Accountant

HUDSON SCHOOL BOARD ANNUAL REPORT

This has been a year for committees - statistics - planning - negotiation and a sincere effort to come to grips with the problems of our schools.

The Building Committee has ready for your consideration, a proposed addition to Memorial School with plans, specifications, and bids as directed by our last School District Meeting. The school board feels that this addition is urgently needed, and it is our hope to be able to utilize some of these rooms in September of 1969.

The Area Study Committee has diligently pursued the options available to us at the secondary level. At our March, 1969 meeting, a serious decision must be made regarding our association with Pelham students at Alvirne. The recommendations of this committee deserve your serious consideration and support.

The Educational Study Committee has undertaken a monumental task. The problem of maintaining quality education at reasonable cost is a national dilemma and should be under continual study and re-appraisal. Improvement in these areas is, and always will be, desirable.

The school board wishes to thank all of the members of these committees for their diligent and conscientious efforts on behalf of the Hudson School District.

We have met with, and been in communication with, the State Board of Education relative to our membership in Supervisory Union No. 27. We have considered all of the known alternatives, and at this time can see no benefit to be derived to the Town of Hudson by a change in the composition of Supervisory Union No. 27. However, time and events change all things — and we recommend a continuing evaluation of our relations with Supervisory Union No. 27 in the light of any changes or events that may occur within or among any members.

We would like to thank Claude Leavitt and his able staff for their help and guidance with our problems. He has added many administrative and research tasks to his busy schedule, for the particular benefit of this school board and our committees. His leadership and ability is an inspiration to all.

In these days of unrest within our social structure in general, and the teaching profession in particular, it is the privilege — and obligation — of your school board to maintain that delicate balance between the needs and desires of the teachers and the financial capability of the school district. This road is increasingly difficult because the problems are not directly related, and an excellent case can be made for either side. We wish to report that the school board is very pleased with the competence of our teaching staff, and their responsible attitude toward our mutual problems in our salary negotiations. It is our desire to maintain meaningful communications and mutual respect.

The Dr. H. O. Smith and Webster Schools will be filled to overflowing in September of 1969. For this reason we are requesting money for architects fees to plan a new elementary school to be built on the Jacques property which the school district owns. If it is decided to extend our contract with Pelham at Alvirne, the school board would seriously consider moving grade nine from Alvirne to Memorial School in the Fall of 1970. The same option would call for removing the fifth grade from Memorial School. Thus the new elementary school and the Dr. H. O. Smith School would operate with grades one through five in each. If this is to become a reality, money for architects fees is essential in our 1968-1970 budget.

Respectfully submitted,

WARREN B. HOWE

KENNETH CLARK

WILLIAM BATCHELDER

REPORT OF THE EDUCATION PLANNING COMMITTEE

To The Hudson School Board:

The Education Planning Committee was formed at the School District Meeting on 6 March 1968 to explore all avenues of education, with regard to reducing the overall costs of education. With this mandate in mind this committee was appointed by the School Board, and the following members met and elected officers on 20 May, 1968: David Turcotte, Chairman, Patricia Funke, Secretary, Lucille Muller, David Dolbec, Michael Tate and Robert Jasper.

At this first meeting the following sub-committees were organized to investigate these specific areas: Trimester, Double Sessions, Remodeling and Statistics committee.

The scope of responsibility encompassed by the Education Planning Committee are considered of too great a magnitude to promulgate an in depth qualified report in the brief space of time we have been active.

Consequently we request the School Board to keep this committee active in the future to continue studying all areas of education with regard not only to cost but quality.

It is our opinion that a Trimester System would require extensive study and at this time our report is inconclusive. We realize the district is apprehensive over the pursuant crowded condition in our school system that we are faced with, but at the same time it becomes apparent that more time is needed to complete our study of all avenues available to reduce the cost and the crowded conditions of our schools.

Double Sessions continues to be considered an un-healthy last resort measure.

Statistics compiled by the Board, District Superintendent, and this committee indicate a definite need for an addition to the Memorial School.

This committee indicated a need to the School Board that Webster School be thoroughly looked into regarding face lifting or complete remodeling. The Board will report regarding this area.

Respectfully submitted,

DAVID TURCOTTE, Chairman
PATRICIA FUNKE, Secretary
LUCILLE MULLER
DAVID DOLBEC
MICHAEL TATE
ROBERT JASPER

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hudson:

Our pupil enrollments continue to increase and our continued challenge is to build school facilities which will accommodate our educational program. The enrollment increase is especially apparent in our primary grades. We anticipate 897 pupils in grades one through four by September, 1969. This will completely utilize all available teaching spaces in both the Dr. H. O. Smith and the Webster Schools for 1969-70.

This enrollment pressure is also felt at the middle school level where 685 pupils in grades five through eight are currently utilizing all available spaces. To accommodate 761 anticipated pupils in grades five through eight we will need approximately twelve additional classrooms by next September.

Our building concerns must also consider Alvirne where we are currently housing 992 pupils and find 100% of our facilities utilized this year. We anticipate 1109 students in grades nine through twelve next September. This will so overcrowd Alvirne High School that we will be required to limit pupil participation in some course selections. This problem is further complicated by the concern for Pelham tuition pupils at the conclusion of the two-year tuition option in September, 1971.

Several committees have given numerous hours and patient understanding to these problems. The responsibility of the Hudson resident will be to become familiar with these reports and support the educational program that is in the best interest of the children of Hudson.

It is alarmingly apparent that we need another primary school for grades one through four by September 1970. We need additional classrooms at the Memorial School for 1969 and a more substantial addition prior to September 1970. We need additional classrooms for Alvirne by September 1969. In other words, we need immediate solutions at all grouping levels immediately.

I am pleased to announce several new members of our instructional staff:

ALVIRNE

Mr. Robert Baines, B. Ed., Keene State, 1968, Music.

Mr. Albert Buswell, B. Ed., Keene State, 1968, Social Studies.

Miss Joanne Cournoyer, B.S., University of New Hampshire, 1956, Masters Degree, Boston University, 1964, Business Education.

Mr. John Doukaszewicz, B. Ed., Salem State, 1968, Business Education.

Mr. Michael Gursky, B.S., Salem State, 1968, Business Education.

Miss Diane Jutras, B.A., Notre Dame College, 1968, Art.

Mrs. Donna Keane, B.A., University of New Hampshire, 1967, English.

Miss Margaret Lavoie, B.A., Rivier College, 1968, Social Studies.

Mr. William Makarawicz, Keene State, B. Ed., 1966, Math.

Mr. Thomas Masciarelli, B. Ed., Worcester State College, 1968, Physics.

Mr. Frederick McCann, Keene State College, B. Ed., 1961, additional credits St. Anselm's College, Math.

Mr. Bruce Morrison, B. Ed., Plymouth State College, M.A., Secondary School Administration, University of Colorado, replaced Mr. Veautour as Assistant Principal.

Mr. Robert Powers, B. Ed., Worcester State College, 1968, General Science.

Mr. Theodore Wells, Jr., B. Ed., Plymouth State, 1968, graduate studies U. N. H., Social Studies.

MEMORIAL SCHOOL

Mr. Stephen Andrew, B.S. Ed., 1966, Salem State College, Math - Science.

Miss Leslie J. Bond, B.A., Boston College, 1968, Science.

Mrs. Judith Desrochers, B.A., Rivier College, 1962, English.

Mrs. Cynthia Kinney, A.B., Salve Regina College, 1968, French.

Mr. Kenneth Kustra, B.S., New England College, 1965, additional credits University of N. H., Math.

Mr. Harold Lorenz, B. Ed., Keene State College, 1963, Math.

Mr. Richard Coon, A.B., Princeton University, 1947, M.A., Columbia University Teachers College, 1952, Math - Science.

Miss Heather Mitchell, B.S., Boston University, 1968, Social Studies.

Mrs. Marylee Murphy, B.A., University of Maine, 1968, English.

Mr. William O'Meara, Jr., B.S. Ed., Boston University, 1949, Masters from Columbia University, 1954, Music.

Mrs. Josephine Patsos, B.S. Ed., Boston University, 1954, Math.

Miss Kathy Schneider, B.A., Mary Washington College, 1968, Social Studies and English.

Mrs. Barbara Stott, B.A., Middlebury College, 1956, additional credits U. N. H., Science.

Miss Carolyn Trosky, B.E., Plymouth State, 1967, Social Studies.

Mr. Stephen Zanni, B.A., Curry College, 1968, additional credits, Boston State, Science.

DR. H. O. SMITH AND WEBSTER

Miss Lois Atwood, B.E., Keene State College, grade 4, Webster.

Miss Jane Berie, B.S. Ed., Mills College, 1968, grade 1, Smith School.

Mrs. Ruth Brown, M. Ed., Boston University, 1967, replaced Miss Judith Mills, grade 2, Smith School, January, 1969.

Mrs. Leslie Buswell, Keene State, B. Ed., 1966, grade 2, Smith School.

Miss Christine Detscher, B. Ed., Plymouth State College, Grade 3,

Miss Christine Detscher, B. Ed. Plymouth State College, Grade 3, Smith School.

Mrs. Ellen Diggins, B.A., Elementary Education, 1968, Anna Maria College, 1968, grade 2, Smith School.

Mr. Joseph Giuliano, B. Ed., Salem State College, M. Ed., Boston State College, replaced Mr. Saudelli as Principal of Webster and H. O. Smith Schools.

Miss Anna Healy, B. Ed., Keene State College, 1968, grade 3, Smith School.

Miss Joanne M. Kasinskis, B.A., Notre Dame College, 1968, grade 3, Smith School.

Mrs. Marjorie Kontinos, B. Ed., Keene State, 1954, additional credits, University of Florida and Edison Jr. College, grade 1, Smith School.

Mrs. Jane Miller, B. Ed., Keene State, 1968, grade 1, Smith School.

Miss Susan Tetreault, B. Ed., Keene State, 1967, grade 1, Smith School.

We have been fortunate in attracting and holding good teachers. It appears our educational and salary guide have both made this possible. Every attempt should be made to continue our quality educational programs and successfully compete with our neighboring towns for the services of good teachers.

I take this opportunity to express my appreciation to the instructional and non-instructional staffs, the school board and others who have made the past year another successful educational experience for our children.

Respectfully submitted,

CLAUDE H. LEAVITT
Superintendent of Schools

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

Dear Mr. Leavitt:

The following paragraphs constitute my report, as Assistant Superintendent, in the school District of Hudson, New Hampshire.

Included in this report is a summary of some of the highlights of the current school year along with an indication of some of our more paramount needs, as we perceive them, for 1969-1970.

The current school year has seen a continuation of the dynamic growth that has characterized the Hudson School District over the last several years. All indications are that this increase will continue, at least at the same rate if not at an accelerated pace, during the coming year. As in the past, additional staff is of top priority importance, if we are to maintain a quality program of education. The people of Hudson are to be commended for their determination to maintain a good pupil-teacher ratio in the face of this tremendous enrollment increase.

Through the services of our elementary guidance department a comprehensive readiness testing program has been initiated over the past two years. These tests are by no means intended to be conclusive nor are they an indication of a child's ability, but rather his readiness to begin formal school activity. Through the use of this material our primary school personnel are better able to place various children in programs tailor-made to suit the needs of each youngster. The program must remain flexible in order that each child might be exposed to the most appropriate work for that individual.

In line with this testing program, two of the first grade classes have been so organized as to place emphasis on readiness activities for those youngsters needing this type of instruction. Grouping of this nature makes it possible for these youngsters to make progress at a more accelerated rate than might otherwise be the case and to derive maximum benefit from their first year of school experience. To this point, all indications are, that the program has been eminently successful with those youngsters involved.

As indicated in last year's Annual Report, we are now using, and have been using for the last two years, special science material at the fourth grade level. The material in question was designed by the Elementary Science Study Committee which is a division of the Educational Development Corporation. The program is directed toward defeating sterile science instruction while giving the student the opportunity to do something purposeful. It encourages participation and experimentation while giving the youngster freedom to cultivate his own natural curiosity. During the coming year we hope to extend this program into grade three while continuing its use at the fourth grade level. Necessary materials, etc. will be reflected in our budgetary requests.

During the second semester of the current school year, we have initiated a School Volunteers Program at the Dr. H. O. Smith School. School Volunteers are para-professional personnel who work on a voluntary basis in public schools. They are presently offering important educational services to public school systems in twenty major school cities in the United States as well as numerous smaller systems throughout the country.

We plan to use the volunteers to help relieve classroom teachers and other school personnel of many non-instructional chores, (lunch-room assistance, playground duties, clerical assistance to teachers such as producing illustrative materials, flash cards, stencils, etc.). We feel that this program can be a great help toward relieving teachers of their non-instructional duties and allowing them to devote more attention to their primary function of instruction.

One of our new positions this year has been that of full time librarian at the Memorial School. In an era, characterized by what we call the "knowledge explosion" and, taking into consideration the constant demands placed on the schools by our dynamic society, a quality library is an essential element in every school. The school library fulfills a double function, providing the teachers with a means of enriching the content of their courses, while also making available to the youngsters the wide variety of printed material necessary to supplement their regular school program.

School libraries should be staffed by full time professionals who would be responsible for the selection of appropriate materials for the library, in collaboration with the regular teaching staff. The library program should make extensive use of a rich and varied school media collection that meets the needs and abilities of each student and makes use of a variety of approaches available through television, radio, films, filmstrips, film loops, recordings, realia, slides, transparencies, and a basic collection of printed materials. All of these material needs are reflected in the instructional area of our budgetary requests.

Certainly the most glaring need facing the Hudson School District in the coming year is the need for additional classroom space. With the Memorial School at capacity and the Dr. H. O. Smith - Webster complex at near capacity, current facilities simply will not be adequate to meet next year's increased demands. Added classroom space is essential to maintain the current educational program.

In closing I would like to thank the School Board and yourself for your direction and guidance, Mr. Giuliano, Mr. Tierney, Mr. Steckevicz, and the entire school staff for their unfailing cooperation and finally the citizens of Hudson for their commitment to excellence in the total educational program.

Respectfully submitted,

PETER G. DOLLOFF
Assistant Superintendent

Alvirne High School
PRINCIPAL'S REPORT

January 15, 1969

Mr. Claude H. Leavitt
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Leavitt:

Society today judges a human being's worth by what he can do and by his ability to learn how to live, earn a living, function efficiently, and achieve his purposes.

It seems likely that historians will depict this present era in America as one of extreme social, cultural, and technological change, with rapid alterations in occupational patterns. They will tell of a time when old values and traditions were being questioned and many discarded, of racial and human problems that shook the foundations of a nation's democratic structure. Change itself is certain. That changes are taking place is indeed a tribute to the adaptability and perserverance of the human being.

The nation has lost its physical frontiers, which in the past offered unlimited opportunity for its adults and young people, and its need for the brawn and persistence of the unskilled and undereducated. The era that provided the first rung in the Horatio Alger ladder has passed. We are fast becoming a nation of skilled employees. Social and economic forces have demanded a change in perspective and have created an entirely new environment: new insights, jobs, industries, and national objectives.

As our nation grows increasingly prosperous, our human resources must be developed to the fullest to insure that as few of our citizens as possible are left behind. Development can be accomplished only through education, which must include vocational education. This is the link between man and the world of work. An educated person must have occupational skills as well as intellectual knowledge. Our society cannot survive unless each citizen has the educational opportunities to prepare him for entry into the work force in this technological age at some point in his educational experience.

At Alvirne, with our comprehensive program and diversified curriculum, we hope we are meeting the challenge of preparing our youth for the world of today and tomorrow. This past year at Alvirne has been one of challenge; and, I know that each future year will be an even greater challenge. I am sure that with the cooperation of all those concerned, we will fulfill our objectives in the educational process.

Respectfully submitted,

CHESTER J. STECKEVICZ
Principal

Alvirne High School
GUIDANCE DEPARTMENT REPORT

January 15, 1969

Mr. Claude H. Leavitt
Superintendent of Schools
Hudson, New Hampshire

Dear Mr. Leavitt:

During the 1967-68 school year, the guidance counselors at all grade levels have endeavored to meet the ever-increasing demands placed upon them. There has been an encouraging growth in parent awareness of these services and requests for advice in meeting and solving their children's problems.

A regular schedule of conferences has been established with the Child Guidance Mental Health Services offered through the Nashua Community Council. This provides an opportunity to seek counsel in relation to the more difficult problems that arise, and also to make necessary referrals.

An effective working relationship evolved with the Head Start Child Development program in Nashua, and thirteen of the incoming first graders were enrolled in the summer program. The close liaison with local kindergartens proved most effective during pre-testing and screening of incoming first graders.

Identification of perceptual learning difficulties was made and proper referral and remedial work instituted. Individual testing was employed in placement of children, with specific emphasis on screening and assignment of pupils to the special education class. All incoming first graders were pre-tested for school readiness, and two readiness classes were formulated to meet the needs of these children.

The Memorial School has had the advantage this year of a full-time guidance person, making guidance available to every individual student seeking this service. In the total school system, we have taken part in the state-wide testing program. Results of these tests have been sent home for students in grades 5, 7 and 10. Results will be forthcoming to the parents of students in grades 6 and 8, with an explanation of the results. The scores will also be used to evaluate the curriculum, as well as for placement purposes.

Guidance and counseling services at Alvirne High School during the school year have been primarily aimed at helping the individual student within the school environment. Achievement and aptitude testing is conducted; such as the state-wide sophomore program, the Preliminary Scholastic Aptitude Tests, for juniors, and, for those seniors planning college applications, the Scholastic Aptitude Tests. Individual and group sessions are continually in process with most emphasis on courses and scheduling, vocational and career planning, further schooling. An informal monthly newsletter is given to the seniors to keep them up-to-date on recent events of interest. The paper work of transcripts to colleges, vocational, nursing, and business schools is handled in the guidance office. New students are welcomed, interviewed and scheduled. Arrangements are made with the Nashua office of the State Employment Service for aptitude testing and interviews. Representatives of various schools meet with inter-

ested students. Last year, placement of graduating seniors was as follows: 42 attending four-year colleges (30 of these attending University of New Hampshire, Keene State or Plymouth State); 36 attending two-year schools, technical or vocational in nature; two entering nursing schools; 23 in special schools; six entering military service. This amounts to a total of more than 70% furthering their education.

The individual counseling load has increased considerably in the past year with a greater percentage of first graders becoming involved. There has also been an increased request for consultation and counseling services from St. John's Parochial School. The Memorial School now has over 650 students, and the high school well over 950. Thus, the counseling load has become very heavy giving each individual the attention that he or she needs with the limited staff that is available. Thought should be given to the projected enrollment and future guidance personnel at all levels.

Respectfully submitted,

JAMES V. REGAN
Director of Guidance Services

GRADUATION PROGRAM

PROCESSIONAL	"Pomp and Circumstance" Mrs. Everett Millett
INVOCATION	Reverend J. Vernon Whittenburg
PRESIDENT'S MESSAGE	Peter W. Kendall
CLASS POEM	Wendy Hodge

HUDSON MEMORIAL SCHOOL — PRINCIPAL'S REPORT

Dear Mr. Leavitt:

As educators we are concerned with progress through a well balanced curriculum. This progress naturally concerns the youth of our community and the schools implementation of its democratic philosophy. This progress also results in education's most significant form of advancement, the individual educational growth of each student. As you know, meaningful advancement does not develop haphazardly but is the product of close school and community cooperation.

We at Memorial School, in this our second year of service to the community, take great pride in the progress that has been made and will continue to be made to provide an educational program suited to the students' needs. An education which provides an equal opportunity for each individual to develop to the limits of his or her capabilities. As such, our curriculum must be constantly adapted to the needs of a continuously changing — and let us hope, constantly improving — society.

It is with this in mind that we report on our current educational progress along with our future educational needs.

Administratively, we are enhanced by the addition of a teaching assistant principal with specific administrative duties and responsibilities. A full-time guidance counselor has replaced the unsatisfactory part-time arrangement, thus enabling students an opportunity to see the counselor anytime during the school day. The counselor, while specializing in personal and educational adjustment, focuses the goals of a democratic education on the individual student.

The curriculum which was inaugurated last year and is designed to challenge, motivate and stimulate the student has remained for the most part, intact. Both the Reading and French programs have been expanded at the fifth and sixth grade levels. The Art, Music and Physical Education programs are now functioning on a full five day per week basis. A Current Issues class has been developed within the Social Studies department on a pilot basis. Both our English and Science curriculums are currently undergoing in depth studies with an eye toward their possible revision.

An Honor Roll has been established to give good students the academic recognition they deserve. A Citizenship Roll was also instituted for those students who receive high marks in effort and conduct.

A student's educational success depends to a great degree on his or her individual study habits. As a result, large cafeteria study halls have been abandoned in favor of small classroom studies more conducive to the development of good study habits.

A well equipped seventh and eighth grade Reading Lab consisting of a tachist-o-scope, tachomatic 500 projector and several shadow-scope reading pacers is nearing completion. Needless to say this facility is an extremely important and useful aid in the teaching of reading.

The school's Audio-Visual program has been upgraded and now includes sixteen millimeter, opaque and filmstrip projectors along with an ever increasing collection of filmstrips. Several rooms have been equipped with shades in order to get the maximum educational benefits from the audio-visual equipment. In the future we shall continue to install shades and further increase our audio-visual capabilities.

At Memorial, we believe scholarship is, and always will be, the primary aim of any schools' educational program. However, in its broader sense, an education consists of far more than the hours spent in classrooms, libraries, and laboratories. Participation in extracurricular activities is in itself a supplementary form of education. Qualities such as loyalty, initiative, leadership, and sportsmanship can become a reality through intelligent and enthusiastic participation.

As a result, the intra-mural program was revised and a very popular fall flag football league was started. This program will be followed by a winter basketball and spring softball program. Each team is coached and each game is refereed by volunteer teachers. An awards system has begun for which permanent trophies have been purchased and are on display in the school's trophy case.

A school newspaper, "The Memorial Times," and a spring play have also been added to the schools expanding extra-curricular programs.

Looking towards next year our greatest need is for an addition to our already overcrowded school plant. This need can not be overemphasized. The addition is a must if quality education and progress are to continue for our Middle School population.

Also the inauguration of, what we feel are already overdue, programs of homemaking and industrial arts are of the utmost importance. For we cannot call Memorial a truly comprehensive school, sensitive to the needs of all its students until these programs become a reality.

As you can see the 1968-69 academic year has been one of great achievement. I would be remiss if I failed to mention the foundation of any successful educational program, the teachers. For it is because of the outstanding cooperation and dedication of our competent staff that the progress of which I speak has been made.

I would like to take this opportunity on behalf of the faculty to thank the School Board, the Superintendent and his staff, and the Community for providing a wholesome educational environment in which we may continue to progress.

Respectfully submitted,

JAMES E. TIERNEY
Principal

DR. H. O. SMITH AND WEBSTER ELEMENTARY SCHOOLS

Principal's Report — January 15, 1969

Mr. Claude H. Leavitt
Superintendent of Schools
Hudson, N. H.

Dear Mr. Leavitt:

Education is forever succumbing to innovative ideas. It is from these new ideas that we, as educators, try to better existing educational conditions. The administration and faculty of the Dr. H. O. Smith and Webster Schools, in the past year, have implemented several new theories and programs to better existing conditions and to better meet the individual needs of the student body.

One new program initiated this year is the Readiness Program. The Readiness Program was organized to meet the needs of those students who are chronologically of age to enter first grade, but due to emotional and maturity factors are not prepared to enter a regular first grade class. The program is organized to meet the individual needs of the children involved. An attempt is made to provide the child with security, understanding, compassion and guidance necessary for his particular needs. The curriculum, as well as the emotional tempo, has been adjusted to give the child a feeling of continual success in place of perpetual frustration.

The question arises, who or what determines which child will be placed in the readiness classes. Last spring, under the direction of Mrs. Downing, the guidance counselor for the Dr. H. O. Smith and Webster Schools, each child entering the first grade was given a series of readiness tests. The series of tests, Mrs. Downing's observations and the parent's consent constituted the criteria in determining the class structure.

A key factor in the educational structure of Hudson's Primary Unit is flexibility. This is especially true in the readiness classes. Whenever a child progresses to a level where he has outgrown the benefit of the readiness class, he progresses to a regular first grade to better suit his needs. This works in the opposite direction as well. If a child reaches a frustration level in a regular first grade, he can be placed in the readiness class. The above structure is a modified program of continuous progress designed to meet individual differences. The program has proven to be extremely successful in its first year of operation.

The addition of the readiness program has increased the effectiveness of the organizational program of study, the question arises, where to next. It is my hope in the coming school year, that a program could be instituted to bridge the gap between the readiness program and the second grade program. This program could take the form of a transitional second grade, formulated to meet the needs of those children not ready to enter a regular second grade. Once again, the term flexibility will be a key factor in establishing a program of continuous progress at this particular level.

The elementary teacher in Hudson, or any other town in the course of a typical school day is constantly on the go, whether it be in the actual teaching or occupied with one of the many duties involved in the educational processes. It was with this thought in mind, and others, that the Hudson School officials, in conjunction with the New Hampshire Council for Better Schools, instituted the School Volunteers Program into Hudson's Primary Unit.

The main objective of this pilot program is to assist the classroom teacher with some of their non-instructional duties. By doing so, this will afford the teacher added time to assist pupils who are having a particular problem in a specific area.

Non-instructional duties encompasses a gamut of items. The following will serve as a partial list of non-instructional duties extensive and by no means exhaustive:

1. Assisting in lunchroom, play yard, hall, etc.
2. Making posters.
3. Setting up hall display cases.
4. Clerical chores — alphabetizing, filing, typing, duplicating materials.

5. Helping with inventories of books and supplies.
6. Taking charge of maintaining and operating audio-visual aids.
7. Assisting young children in taking off and putting on outer clothing.
8. Distributing books.

The Volunteer Program is twofold. Its primary objective is to assist the teacher in certain areas of non-instructional duties thus increasing his teaching capacity. Secondly, it gives the parents an opportunity to view the school in operation.

The new Addison Wesley program instituted in grades 1 and 2 this year is more adapted to our needs and has proven to be a success. It is anticipated that the program will be inserted in grades 3 and 4 in the near future.

The Elementary Science Study started last year in Grade 4, has received much enthusiasm not only from the children but the teachers as well. The E.S.S. Program is an advocate of learning through experience. The child is afforded the opportunity of not only reading about a subject, but is given the chance to feel and manipulate the subject.

In today's modern academic world, the children at the primary level should be given the opportunity not only to flourish academically but given a chance to express innate creative talents and to develop physically. It is with this thought in mind that I stress two basic educational needs at the primary level. The first need would be the establishment of an art program where the child can develop and foster creative and imaginative talents. The second need would be the establishment of a physical education program for the development of a sound healthy body.

A major factor in the instructional program at the primary level is the teacher pupil ratio. With increased enrollments and the homogeneous groupings of the third and fourth grades, the ideal ratio of 25:1 has been distorted into such ratios as 34:1, 36:1 and as high as 39:1. I sincerely hope in the coming year that additional instructional help will be added to alleviate the situation.

In essence, the preceeding paragraphs have given a vivid picture of the direction the schools are assuming and illustrates the needs and obstacles we must overcome, to develop a more efficient educational system.

I appreciate the support and cooperation that has been received this past year from the community of Hudson. It is with such community support and cooperation, that better educational systems are developed.

In closing, I would like to extend my thanks to Mrs. Roberta Standish, Mrs. Genevieve Downing and Mr. William Hassey for their devotion and assistance, to the teaching staff for their efforts, to the school board for their support and especially to you and Mrs. Dolloff for your understanding and guidance.

Respectfully submitted,

JOSEPH R. GIULIANO
Principal

REPORT OF THE SCHOOL NURSE-TEACHER

To the Superintendent of Schools, School Board Members and Citizens of Hudson:

The following is my report as School Nurse in the Dr. H. O. Smith, Webster and St. John's schools, and some of the programs that were presented during the past school year.

The enrollment in the elementary school continues to be on the increase consequently so have the duties and activities of the nurse.

The guidelines as outlined by the State Board of Education limit the school nurse's duties. With many new families coming to our community there is a need for better understanding and communication between parents and the school nurse, particularly in the dispensing of medication. There is a need for flexibility.

Total student inspection	1491
Total first aid given	3000
Hearing test	33
Sick children taken home	48
Children taken to hospital	4
Emergency trips to Memorial and Alvirne schools	13
Supervision and follow-up of Children with various handicaps:	
Orthopedic	10
Diabetics	2
Seizures	4
Cardiacs	15
Asthmatic and Allergies	9
Contagions	64

With our increased enrollment there is a definite increase in number of handicaps which the school nurse is made aware of, and these children need more attention.

In cooperation with the State Department of Health, a series of immunization clinics for preschool children was held, in addition to a separate Measles Clinic.

The Proctor and Gamble Dental Health Program was presented to the elementary classes. Particular emphasis is with the third grade, and each child is given a dental instruction kit. A lecture period teaching hygiene and techniques, movie and film strips are used, reinforced with posters and literature.

In April we had our annual preschool registration clinic. 242 Children were registered of these 80 were scheduled for St. John's school.

Physical exams and small-pox vaccinations are given. Four Nashua physicians helped us with this program. For some children it is the only physical they receive until they enter high school, when this service is again offered. There is a definite need for a physician's service whether on a part-time or full-time basis.

The Tuberculin skin testing program sponsored by the New Hampshire Tuberculosis and Health Association was changed to testing only the first graders. Complete follow-up on the three positive skin tests by further test and x-ray revealed no definite disease.

A very successful preschool vision testing program sponsored by the Hudson Lions Club was held. A worthy project and well attended with about 180 youngsters tested, resulting in some visual defects being corrected before the youngster enters school.

I wish to thank the various organizations for their many generous deeds and donations to our milk and hot lunch program.

To the many parents and friends for their help and cooperation to me at our various clinics and in other endeavors, a grateful appreciation.

The duties and responsibilities of the School Nurse are so varied and unpredictable that only with the help and cooperation of so many people can an effective health program be provided to meet the needs of our school children.

Respectfully submitted,

ANNE K. CHRISTOPHER, R.N.
School Nurse-Teacher

Alvirne High School
REPORT OF THE SCHOOL NURSE

Mr. Claude H. Leavitt
Superintendent of Schools
Hudson, New Hampshire
Dear Mr. Leavitt:

I would like to present my annual report as school nurse for the Memorial School and Alvirne High School.

I wish to express my gratitude and appreciation to Mr. Tierney, Mr. Steckevicz and the faculties of both schools for their cooperation and support.

The enrollment of these two schools has grown so rapidly this year there has been little time for anything but the bare necessities as far as my duties are concerned.

Routine screening, including height, weight, teeth, tonsils, heads, and visual testing were done on students in grades 5 through 8. Routine height, weight and blood pressure were done on all students in grades 9 through 12. Visual testing was done on freshmen and juniors. Hearing tests in both schools were done this year on a referral basis.

Because of Dr. Dionne's large practice, he arranged for a new doctor to handle our physical examinations; these with parental permission. Dr. James Brocoun examined all athletes at Alvirne and the basketball team at Memorial; plus a portion of the freshmen and junior classes. If we had had a full-time or a part-time school doctor, we would have been able to complete physicals on both the freshman and junior classes.

I am the advisor to the Future Nurses Club at Alvirne. This is a very active organization, the purpose of which is to introduce sophomore, junior and senior girls to possible careers in various fields of medicine.

Some of my responsibilities as school nurse include assisting with supervisory union pre-school clinics and attending all basketball games to care for emergencies as they arise.

At this time I would like to stress the importance of adding another nurse to our school nursing staff. I am responsible for the health of nearly 1700 students. One must realize the importance of administering first aid immediately in any given emergency. However, when the one person who is qualified to give this first aid is in another building and has to travel three miles, upon notification, valuable time is wasted. These 1700 students are suffering for this. A good share of my time is spent going from one school to the other.

My sincere thanks to all parents and friends for their help and understanding.

Respectfully submitted,

ALMA C. LANKHORST
School Nurse

HUDSON SCHOOL DISTRICT MEETING

HUDSON MEMORIAL SCHOOL

March 6, 1968

Moderator Lake Munday swore in the ballot officials at 12:55 P. M.

Moderator Lake Munday opened the meeting at 1:00 P. M.

Mr. Munday recognized Donald Shepard who moved to postpone any further action until 7:30 P.M. It was seconded by Mr. Tracy and voted upon. Ballot clerks present were Delnette Clark, Ruth Hatfield, Ester Boucher, Blanche Fuller, and Blanche Vassilasoo.

The moderator reopened the meeting at 7:30 P.M. An invocation was offered, and former School Board member William Roberts led the assembly in the flag salute.

Article 5 was read, moved for adoption by Mr. Shepard, seconded by Mr. Burton and voted in the affirmative.

Article 6. Mr. Donald Shepard moved that Article 6 be adopted as printed with the second by Mr. Clark. Vote was in the affirmative.

Article 7. Mr. Kenneth Clark moved that Article 7 be adopted as printed with second by Mr. Shepard. Mr. Clark spoke in favor of the article. Mr. Bednar was recognized and commented on Right to Know Laws. Article 7 was not adopted.

Article 8. Mr. Shepard moved that Article 8 be adopted and Mr. Clark seconded. Shepard was recognized to explain the article. Mr. Boucher questioned what action had been taken by the Budget Committee. Mr. Shepard answered that the article had been submitted with recommendation to pass.

Mr. Robert Cote moved that the figure \$5,600 be amended to read \$8,400. Amendment was seconded by Mr. James Tierney. Mr. Bednar questioned the amount recommended by the Budget Committee and Raymond Caster responded. Mr. Bednar urged reliance on the Budget Committee's recommendation. Mr. Shepard explained that \$5,600 was still the feeling of the board. The amendment was lost.

Mr. Robert Tierney requested that a secret ballot be taken on the article. Mr. Willard Nadeau requested use of the checklist be used. Mr. Tierney then withdrew his request for secret ballot. A request for a division of the house was then entertained. Counting was eliminated as a vote in the affirmative was obvious.

The article was adopted.

Article 9. Mr. Shepard moved passage of Article 9 and Mr. Clark seconded. Mr. Shepard then spoke on the article and explained it to the assembly. Mr. Lionel Boucher spoke against the article sighting lack of specifics in the article. Mr. Tracy spoke against the article. Louise Char-nan was recognized and explained advantages of the article to the teachers. Mr. D. Turcotte was recognized and suggested the use of volunteers. Mr. Kenneth sited the built in control over use of funds thru the Teachers Association. Carol Abbott, teacher, recommends more free time available to teachers for professional purposes. Voted in the negative and the article was lost.

Article 10. Mr. Bednar moved for adoption of Article 10. This was seconded by Dr. Lawson. Mr. Bednar spoke of the article citing alleged free time, frills, etc., that he felt existed in the school system. Mr. Heneke urged a NO vote on the article. He explained that the Budget Committee had already recommended that the School Board establish a committee to examine all possibilities of education.

School Board member Warren Howe was recognized and elaborated of the disadvantages of dual sessions. He explained that he had investigated a school system where dual sessions had been held. He read a letter of policy from the State Board of Education. Mr. Ralph Kelley was recognized and stated that dual sessions should be considered only as a last resort. Mr. Jasper questioned School Board Member Howe on other possibilities investigated. A discussion ensued between Lionel Boucher, John Bednar, Kenneth Clark, and Moderator Lake Munday regarding procedure to postpone action on Article 10 until after Article 13.

Mr. Winslow was recognized stating that he felt the article was unconstitutional.

Mr. Walters was recognized.

Mr. Bednar was recognized again and questioned Mr. Heneke. The previous question was moved and passed. The question was put to the voters and was lost.

Article 11. School Board Member Shepard moved passage of the Article with a second by Member Kenneth Clark.

Mr. Clark explained that amounts would be financed on short-term notes as required.

Mr. Clark moved that the polls be left opened until the conclusion of the meeting and seconded by Donald Shepard. Vote was put to the assembly by the Moderator and adopted. Moderator Lake Munday declared the polls would remain open until the conclusion of the meeting.)

Mr. Donald Shepard explained Article 11 and answered questions from several voters in the assembly.

Lionel Boucher was recognized and stated that the Article was indefinite regarding number of classrooms. Mr. Clark explained that plans would be for 20 classrooms addition to Hudson Memorial School with approximately 26,000 square feet floor space.

Mr. John Bednar offered an amendment to insert after the word plans, for a 20 room addition of 26,000 square feet which he then withdrew and resubmitted as 20 room addition representing 26,000 feet more or less. Amendment was seconded by Mr. Walters. Discussions followed with questions.

The amendment was voted and adopted. The Moderator reread the Article as amended. Mr. Clark rose to point out that a vote on this Article would have to be secret and with a 2/3 majority to pass by statute.

Mr. Jasper spoke against the Article. Mr. Lewis was recognized and spoke in favor of the article.

Mr. Bednar questioned the Budget Committee for clarification of their feeling. Mr. Heneke explained the intention of better planning and explained that the article was included within the study to be conducted of educational facilities. Mr. Bednar then explained that if the study commit-

tee decided that building was not needed, the \$26,000 would be wasted. Discussion and questions between Lionel Boucher and Donald Shepard.

Mr. Clark was recognized and clarified the School Board sentiment on the study, to be made and the possibility of necessary building. Article 11 was voted by secret ballot. YES 146 No 40

Article 12. The Moderator explained that this article was contingent upon Article 20 and as Article 20 was disapproved by the Budget Committee no further action would be taken on Article 20 or Article 12.

Article 13. Mr. Kenneth Clark moved for adoption with second by Warren Howe. Mr. Heneke moved to amend Article 13 to add the following. Also to have the School District authorize the School Board to appoint a study committee to explore all avenues of education, with regard to the reduction of the overall costs of education. There will be one or more Budget Committee Members on each committee. And to make their complete report to the voters at the next Annual School District Meeting.

Previous question was moved, seconded, and passed.

The question was put to the voters and the amendment was passed.

Mr. Clark elaborated on the intent of the committee and possible solutions. Previous question moved, seconded, and passed. The question was put to the voters and passed.

Article 14. Mr. Donald Shepard moved for adoption of Article 14 with second by Mr. Buxton. No discussion followed. The article was adopted by voice vote.

Article 15. Mr. Boucher moved for adoption of Article 15 with second by Mr. Hatfield. No discussion followed. Article was adopted by voice vote.

Moderator Lake Munday read the result of vote on Article 11 and declared Article 11 adopted.

Mr. Kenneth Clark asked to be recognized to propose a resolution as follows:

Whereas, the Hudson School District has acted in the affirmative on Article 11 of the 1968 Annual Meeting warrant thus appropriating \$26,500.00 for Architects fees to expand the Memorial School and
Whereas, the Hudson School District is recognizant of the rapid increase in student enrollment and the desirability of executing the proposed expansion at the Memorial School as expeditiously as possible, it is hereby

Resolved: that the Hudson School Board is directed by the Hudson School District to take the necessary steps required for the calling of a special meeting of the School District whose principal purpose shall be the appropriation of the necessary funds to execute the expansion of facilities at Memorial School.

Mr. Tracy voiced opposition to the Resolution followed by opposition by John Bednar. Mr. Henke was recognized and stated that the resolution tended to hold a "hatchet" over the head of the Budget Committee. Discussion followed. Mr. Clark was recognized and further explained the Board's feeling that an addition would most likely be necessary. Mr. Norwood Keeney requested a secret ballot. Moved, seconded, and voted to take up Article 16 pending count of secret ballot. YES 82 NO 91 Resolution lost.

Article 16. Mr. Bednar moved that Article 16 be adopted. Seconded by Frank Nutting. Mr. Bednar cited a study proposed by former School Board Member John Lawrence. Mr. Donald Shepard proposed an amendment as follows: Strike out all after "To see if the School District will vote to" and replace with the following; instruct the School Board to take all necessary steps to begin an orderly withdrawal from Supervisory Union No. 27 as it is now constituted and further instruct the School Board to bring forth proposals for the reconstruction of the Supervisory Union to the better interests of the Hudson School District.

Amendment seconded by Mr. Clark. Mr. Donald Shepard explained the Amendment to the assembly. Discussion and questions followed. Mr. Bednar was recognized and opposed the amendment on the basis that initiative should come from the State Legislature.

Mr. Claude Leavitt was recognized and further explained the Amendment. The amendment was adopted by voice vote. Article voted and passed.

Mr. Munday read the results of the vote on the resolution of Article 15.

Article 17. Mr. John Bednar moved for adoption and seconded by Mr. Robert Volks. Mr. Bednar explained the article. Mr. Robert Tracy questioned Mr. Bednar regarding savings of election costs. Mr. Donald Shepard spoke against the article. Moderator Lake Munday called upon Assistant Moderator Tracy to take over conduct of the meeting so that he could speak on the article. Assistant Moderator Tracy called for a vote and Article 17 was lost.

Article 18. Mr. Tracy moved for adoption of Article 18. It was seconded by John Law.

Mr. Donald Shepard spoke against the article citing voluminous work of preparing such a report. Mr. Tracy spoke in favor of the article. Mr. Coleburn questioned the number of items involved of Mr. Shepard. Clerk and Treasurer commented on volume of work involved.

Mr. Walters was recognized and commented. Mr. Bednar an amendment to the article to change \$100 to read \$500. The amendment was voice vote. Article 18 was lost by voice vote.

Article 19. School Board Chairman Donald Shepard moved for adoption and was seconded by Kenneth Clark. Mr. Shepard explained the article citing items included and excluded from the budget. Shepard stated that \$23,000 had been taken out of the budget by the Board after the Budget Committee had approved such as one additional nurse, an additional custodian, and various supplies. This was done on the initiative of the School Board itself.

Mr. Bednar requested the opinion of the Budget Committee. The Budget Committee said they recognized the figure \$1,411,724. Figure agreed to be voted upon, \$1,416,224 as amended by money articles.

Mr. Caster moved that the article be amended from \$1,416,224 to \$1,411,724 and seconded. Voted upon and seconded. Voted upon and adopted.

Article 19. Voted and adopted as amended.

Article 20. Article 20 was disapproved which automatically kills item or Article 12 as well.

Meeting Adjourned at 11:30 P. M.

Result of the Ballot

TOTAL BALLOTS CAST: 496

FOR MODERATOR: Lake Munday 401 (elected)

FOR SCHOOL BOARD MEMBER: (3 yrs.)

William L. Batchelder	260

**REPORT OF COMMITTEE TO STUDY AUTHORIZED REGIONAL
ENROLLMENT AREA OR COOPERATIVE SCHOOL
OR OTHER PATTERN FOR ALVIRNE AND PELHAM
AND/OR OTHER DISTRICTS**

The Committee and School Board have held a considerable number of meetings — some alone and others with a Pelham committee. Exploratory sessions have been held with Litchfield, Londonderry and Windham being represented.

The basic question lies in the expiration of the five-year contract between Hudson and Pelham for accepting high school students at Alvirne on June 30, 1969. Pelham has the option right to claim a two-year continuance of the contract. The exercise of that option right appears certain unless a new contract for a specific term shall be negotiated.

We think it pertinent to review some of the alternatives from the Pelham view. First, Pelham is in no position to set up its own High School because of lack of borrowing power and an unfavorably small number of students at this time. Second, no other High School appears available for accepting tuition students. In looking for long-term solutions it appeared natural to consider the Authorized Regional Enrollment Area program with Hudson as the receiving District, and the formation of a Cooperative District to, possibly, include Hudson, Litchfield, Londonderry and Windham or some of them. Either of these programs has a basic contract life of 20 years which, in these volatile times, presents unanswerable questions. Furthermore, Londonderry and Windham are now bound by contracts to Pinkerton Academy and are, thus, not free to make plans for immediate coalition elsewhere. A shorter than 20 year term contract is not now available with State incentives. Nevertheless, Pelham representatives view a five-year contract as most desirable for the District. By the end of that period they hope that a favorable regional district may be possible or that their increased numbers and recuperated borrowing power will allow the establishment of their own High School.

Returning to the Hudson view, the option must be honored if that is Pelham's choice. Pressure upon housing will be increasingly heavy but seemingly possible during the two-year period without further building at Alvirne, especially if the construction necessary for the accommodation of lower grades is accomplished according to the proposals of the School Board. At that time Hudson will lose the financial support which the tuition payments have supplied without proportionately reducing necessary expenses. This may quite conceivably result in a curtailment of school program. About the only possible advantage would be the relief on space requirement for a short time. We may note here that our study of the relation of tuition payments to costs definitely attributable to the Pelham students during the first four years of the present five-year contract show that Pelham has paid its way. However, if the option years complete the contract, there will be four remaining payments of \$50,000.00 each on the bond issue for the expansion of Alvirne undertaken to make possible the acceptance of Pelham students.

Since the Pelham committee cannot see the two-year option period as giving time enough for them to work out other solutions of their problem, yet fearing the impossible-to-foresee complications of a long term contract, it favors a new five-year contract to begin on July 1, 1969. Obviously, this is the time to review and, perhaps, revise contract terms.

It is not within the authorization of this committee to determine the elements of a contract. Yet, with the blessing of the School Board, a formula was proposed as the starting point for negotiations, if such should be desired. This formula would increase the per pupil cost to Pelham. It would insure the Hudson taxpayer against any cost belonging to our neighboring town.

We must condition our recommendation upon two actions with respect to statements of building need at the elementary level. The addition to Memorial School and the Elementary school proposed for the Jacques Farm must be available to implement this program. With these conditions we recommend that the proposed idea of a five-year contract, to begin on July 1, 1969, be authorized with instructions to the School Board to negotiate from the formula outlined in a joint meeting with the Pelham committee, to wit:

Pelham to pay, as tuition, the State average cost per pupil or Hudson average cost per pupil — whichever is the greater; plus \$75.00 per pupil as would be available as incentive aid from the State under AREA; plus 2% of the State average per pupil cost per pupil (short term contract fee); plus

a rental per pupil determined by 2% of the value of property used, stipulated at \$2,000,000.00, divided by the pupil enrollment in Grades 9 - 12.

To implement the contract Hudson, Pelham and the State Department of Education must approve.

Members of the Committee:

HERBERT W. CANFIELD
FRANK COLBURN
NELSON L. EVANS
JAMES HAMILTON
NORWOOD H. KEENEY
